

Help the civil society! How can you donate 1%+1% of your tax?

If you pay personal income tax in Hungary in 2022, you can request that 1% of your previous year's paid Hungarian personal income taxes be given to support others. You can give 1% to a registered non-profit organization and another 1% to a church/religious organisation (which has a technical identification number). You can do it until 22 May 2023 the latest.

How?

1. You can do it electronically on the [e-SZJA web platform](https://eszia.nav.gov.hu/app/login/#login) (if you have an Ügyfélkapu account) with the help of an online assistance tool (<https://eszia.nav.gov.hu/app/login/#login> , in Hungarian)
2. If you don't have an Ügyfélkapu account, you can mail the declaration form for free (as a registered letter) to your local NAV Customer Service Office, or you can submit it in a sealed envelope at the local NAV Customer Service Office. You can download the declaration form from NAV's website <https://nav.gov.hu/pfile/file?path=/22szja/22szja-nyomtatvanykep>
3. If you need help, ask your social worker.
